FCS - BEAUTY CARE

Grade 12

**Three-Term Budget Of Work (BOW)
for Learning Competencies**

**TECHNICAL PROFESSIONAL
FCS - AESTHETIC, WELLNESS, AND HUMAN CARE
Grade 12**

**Three-Term Budget Of Work
For Learning Competencies**

Please note that each TechPro elective is completed within one term if delivered at Grade 12.

Term Plan	
Elective	Beauty Care
Content Standard	• The learners understand the principles of nail care services. • The learners demonstrate an understanding of skincare services. • The learners demonstrate an understanding of the basic concepts in makeup services. • The learners demonstrate an understanding of the principles, knowledge, skills, and attitude in hairstyling.
Performance Standard	The learners perform nail care procedures. The learners perform skincare services. The learners perform simple makeup and special occasion makeup following safety guidelines in makeup services. The learners perform hairstyling following safety guidelines in hairstyling services.

Week	Learning Competency	Suggested Activities
1	- Discuss principles of beauty care services. - Discuss beauty care services.	Beauty Care Principles Brainstorm - In groups, list and discuss the principles of beauty care services and how they impact client satisfaction. Beauty Care Case Analysis - Analyze scenarios where beauty care principles are applied or ignored, and suggest solutions. Beauty Services Presentation - Research one type of beauty care service and present its benefits and applications to the class. Services Comparison Discussion - Compare and contrast different beauty services and identify target clientele for each.
2	- Explain the importance of understanding the nail anatomy. - Discuss the importance of safety and hygiene practices.	Nail Anatomy Diagram - Label the parts of a nail on a diagram and explain the function of each part. Nail Anatomy Quiz - Complete a short quiz testing knowledge on nail structure and its relevance in nail care. Hygiene Demonstration Practice - Demonstrate proper sanitation techniques for tools, workspace, and client interaction.

Week	Learning Competency	Suggested Activities
		• Hygiene Role Play ◦ Simulate client-service scenarios highlighting safety and hygiene protocols.
3	• Perform spa and nail care procedures following industry standards.	• Manicure & Pedicure Lab ◦ Perform basic manicure and pedicure procedures following industry standards. • Peer Evaluation ◦ Evaluate a classmate's nail care procedure using a checklist of safety and quality standards.
4	• Discuss skincare concepts and safety considerations for skincare services.	• Skin Types Discussion ◦ Identify common skin types and conditions and discuss precautions for each during skincare services. • Skincare Case Study ◦ Analyze client scenarios to determine safe and effective skincare approaches.
5	• Discuss tools, equipment, and products used in skincare services.	• Skincare Tools Show & Tell ◦ Present skincare tools and products and explain their functions and proper usage. • Tools Matching Exercise

Week	Learning Competency	Suggested Activities
		Match tools, equipment, and products to their correct use in skincare procedures.
6	- Explain the different skincare procedures. - Perform basic skincare procedures by following safety industry standards.	Procedure Presentation - Present a specific skincare procedure including steps, purpose, and safety precautions. Skincare Flowchart - Create a flowchart showing the sequence of steps in a skincare procedure highlighting safety measures. Facial Procedure Lab - Perform a basic facial procedure following industry safety standards. Reflection Journal - Write a reflection on challenges faced and how safety standards were applied during the procedure.
7	- Discuss key concepts of makeup services. - Discuss the functions of makeup products, tools, and equipment.	Makeup Services Brainstorm - List and discuss different types of makeup services and their applications. Makeup Video Analysis - Watch makeup tutorials and identify techniques, tools, and products used.

Week	Learning Competency	Suggested Activities
8	Demonstrate makeup application techniques following safety guidelines in makeup services.	Product Identification - Identify makeup products and tools, explaining their functions and uses. Makeup Function Quiz - Complete a quiz matching products and tools to their correct purpose.
9	- Discuss the of basic hairstyling. - Explain the function and use of hairstyling tools equipment, accessories, and consumables.	Practical Makeup Lab - Apply basic makeup (foundation, eyes, lips) on a model or mannequin following hygiene and safety rules. Peer Feedback on Makeup - Provide constructive feedback to classmates on makeup application technique and safety adherence. Hairstyling Principles Discussion - Discuss the fundamentals of hairstyling and its role in client satisfaction. Hairstyling Observation - Watch hairstyling demonstration videos and list the key techniques observed.
10	- Discuss the preparation techniques for hairstyling services. - Perform hairstyling technique.	Tools Hands-On Identification - Examine hairstyling tools, accessories, and consumables, and explain their proper use.

Week	Learning Competency	Suggested Activities
		• Tools Matching Exercise ◦ Match hairstyling tools to their correct function or hairstyling technique. • Preparation Demonstration ◦ Observe and demonstrate client consultation, hair washing, and sectioning steps before styling. • Hairstyling Prep Practice ◦ Practice hair preparation techniques on mannequins following standard procedures.
11	• Discuss the different hairstyling services according to client needs.	• Practical Hairstyling Lab ◦ Perform a basic hairstyle such as braiding, curling, or updo on a mannequin or model. • Peer Assessment ◦ Evaluate classmates' hairstyling technique using a rubric for accuracy, neatness, and safety.
Suggested Performance Tasks		• Individual Activity: Nail Care Skills Practice ◦ Perform a basic manicure or pedicure on a mannequin hand, following proper hygiene and industry safety standards. • Group Activity: Nail Care Peer Assessment ◦ In groups, perform nail care procedures on classmates or mannequins and evaluate each other using a standardized checklist. • Individual Activity: Facial Procedure Practice

Week	Learning Competency	Suggested Activities
		○ Perform a basic facial procedure (cleansing, toning, and mask application) on a model or mannequin, following safety protocols. ● Group Activity: Skincare Case Study and Presentation ○ In groups, analyze different client skin types and conditions, design a safe skincare procedure plan, and present it to the class. ● Individual Activity: Makeup Application Lab ○ Apply a full-face simple or special occasion makeup on a model or mannequin while following hygiene and safety standards. ● Group Activity: Makeup Style Showcase ○ In groups, plan and execute a themed makeup look (e.g., wedding, party, photoshoot) on models, demonstrating correct product use and safety. ● Individual Activity: Hairstyling Practice ○ Perform a basic hairstyle (braid, curl, or updo) on a mannequin or model, following proper preparation and safety procedures. ● Group Activity: Hairstyling Service Simulation ○ In groups, simulate a salon setting where each member performs a different hairstyle service, including consultation, preparation, and styling, while peers evaluate safety, technique, and creativity.
