

TECHNICAL PROFESSIONAL

FCS - HOTEL OPERATION (FRONT OFFICE)

Grade 12

**Three-Term Budget Of Work (BOW)
for Learning Competencies**

TECHNICAL PROFESSIONAL FCS - HOSPITALITY AND TOURISM Grade 12

Three-Term Budget Of Work For Learning Competencies

Please note that each TechPro elective is completed within one term if delivered at Grade 12.

Term Plan	
Elective	Hotel Operation (Front Office)
Content Standard	• The learner demonstrates an understanding of the hotel front office and its organization and the importance of occupational safety and health standards in hotel operations. • The learners demonstrate understanding on guest accounting and cashiering, night audit and yield management. • The learners demonstrate understanding of PBX (Private Branch Exchange), uniformed services, service excellence, and guest recovery.
Performance Standard	The learner will create an organizational chart for the front office department, detailing the roles and responsibilities of front office personnel. The learners perform stages of the guest cycle. The learners demonstrate billing procedures, cashiering functions, payment processing methods. The learners exhibit customer service relation skills.

Week	Learning Competency	Suggested Activities
1	- Discuss the overview of the hotel front office and organization. - Apply the principles of service quality and guestology.	Front Office Overview Report - Write a report summarizing the roles, functions, and importance of the hotel front office in overall operations. Front Office Presentation - Create a visual presentation outlining the structure and functions of a hotel front office. Service Quality Reflection - Write a reflection on the principles of service quality and guestology and how they affect guest satisfaction. Guest Interaction Simulation - Simulate guest interactions demonstrating proper guestology and service quality principles.
2	- Explain the organizational structure and personnel's duties and responsibilities. - Describe the various areas of the front office and operational structure.	Organizational Structure Report - Prepare a report detailing the front office organizational structure and responsibilities of each personnel. Organizational Chart Creation - Create an organizational chart of a hotel front office and explain the duties of each position. Front Office Area Study - Write a description of the different areas in the front office and their

Week	Learning Competency	Suggested Activities
		operational roles • Operational Layout Simulation ◦ Create a mock layout of front office operations showing workflow between areas.
3	• Explain the organizational structure and personnel's duties and responsibilities. • Describe the various areas of the front office and operational structure. • Categorize different guestrooms, amenities, safety and security measures, technology and cultural considerations in a guestroom.	• Organizational Structure Report ◦ Prepare a report detailing the front office organizational structure and responsibilities of each personnel. • Organizational Chart Creation ◦ Create an organizational chart of a hotel front office and explain the duties of each position. • Front Office Area Study ◦ Write a description of the different areas in the front office and their operational roles • Operational Layout Simulation ◦ Create a mock layout of front office operations showing workflow between areas. • Guestroom Analysis ◦ Categorize types of guestrooms and identify amenities, safety features, and cultural considerations. • Guestroom Presentation ◦ Present different types of guestrooms

Week	Learning Competency	Suggested Activities
		with emphasis on technology, safety, and cultural factors.
4	Demonstrate the different guest cycle in a hotel.	Guest Cycle Report - Write a report explaining each phase of the guest cycle from pre-arrival to post-departure. Guest Cycle Simulation - Simulate the complete guest cycle including check-in, stay, and check-out processes.
5	Analyze the various types of reservations, reservation systems and technology, and reservation process and policies.	Reservation Analysis - Write a report comparing different types of reservation systems, technologies, and policies. Reservation Simulation - Simulate handling different types of reservations using a mock reservation system.
6	Explain the importance of guest accounting and cashiering.	Guest Accounting Report - Write a report explaining the purpose of guest accounting, billing, and cashiering procedures. Billing Simulation - Simulate guest check-out including billing, cashiering, and proper

Week	Learning Competency	Suggested Activities
		accounting procedures.
7	Demonstrate a step-by-step understanding of night audit procedures.	Night Audit Report - Prepare a step-by-step guide explaining the night audit process and its importance in front office operations. Night Audit Simulation - Perform a mock night audit, recording transactions and preparing reports.
8	Apply the principles of yield management.	Yield Management Case Study - Analyze a case study to demonstrate understanding of yield management principles in hotel operations. Yield Management Exercise - Create a plan to optimize room revenue using yield management strategies.
9	Explain the importance of private branch exchange and uniformed service in hotel front office operations.	PBX and Uniform Service Report - Write a report explaining the role of PBX and uniformed service in enhancing guest experience. PBX & Service Simulation - Simulate PBX handling and uniformed service scenarios to demonstrate proper communication and guest

Week	Learning Competency	Suggested Activities
		assistance.
10 to 11	Demonstrate techniques for handling guest complaints.	Complaint Handling Reflection - Write a reflection identifying proper techniques for handling guest complaints effectively. Complaint Role-Play Simulation - Simulate handling various guest complaints, demonstrating professional and courteous resolution techniques.
Suggested Performance Tasks		Individual Performance Task: Front Office Org Chart Creation - Individually create a detailed organizational chart for the front office, including all positions and their respective roles and responsibilities. Group Task: Organizational Chart Presentation - In groups, consolidate individual charts to design a comprehensive front office organizational chart and present it, explaining the flow of responsibilities. Individual Activity: Guest Cycle Report - Write a report describing each stage of the guest cycle (pre-arrival, arrival, occupancy, departure, post-departure) and key tasks involved. Group Activity: Guest Cycle Simulation - In groups, role-play a full guest cycle for a simulated hotel stay, including check-in, guest services, and check-out procedures. Individual Activity: Billing and Cashiering Practice - Individually perform mock billing and payment processing for a guest, including cash, card, and electronic transactions. Group Activity: Billing and Payment Simulation

Week	Learning Competency	Suggested Activities
	○ In groups, simulate multiple guest check-outs, managing cashiering functions and reconciling payments to ensure accuracy. ● Individual Activity: Customer Service Reflection ○ Write a reflection analyzing effective customer service techniques and their importance in guest satisfaction. ● Group Activity: Customer Service Role-Play ○ In groups, simulate various guest interaction scenarios including complaints, inquiries, and special requests to practice customer service skills.
